# New. Different.

Venetian Ballroom

**ONLY INGRAM MICRO BRINGS FRESH VENDORS AND TECHNOLOGY TO ISC WEST.** You asked and Ingram Micro delivered. You wanted something more than the usual security manufacturers and products you see from year to year. That's why Ingram Micro has partnered exclusively with ISC West to bring you the Ingram Micro Convergence Pavilion, where you can meet leading Ingram Micro IT vendors and see how their technologies can open new doors for you. No matter what your experience level in IP is, or what vertical market you focus on, Ingram Micro will give you the training and opportunity to do more for your customers. To register for ISC West, visit [www.iscwest.com](http://www.iscwest.com). Engage with us at the Ingram Micro Convergence Pavilion at the show from March 28–30 or visit [www.ingrammicro.com/securityinfo](http://www.ingrammicro.com/securityinfo) to learn more about how we can expand your business.
